

ProFund

PF,GF, WPPF Fund Management Software

Retaining employees are always a major concern for every organization. To achieve this goal companies (by law, companies need to include different employee benefits) provide a variety of long-term employment benefits. In addition, the law dictates to companies to include various benefits to employees so that companies provide long-term benefits such as Provident Fund (PF), Gratuity Fund (GF), Workers' Profit Participation Fund (WPPF) in order to comply with the law and continue employment. From our complete Provident Fund, Gratuity Fund, Workers' Profit Participation Fund Management System **ProFund**, you can manage member registration and their database, Process all PF/GF/WPPF related fund, Loan & investment calculation process, distribution of profit income, settlement and forfeiture, reporting-member balance, reporting- actual fund and investment, distribution and There is also members log in option where members can access their dashboard , collection necessary information and get their PF/GF balance and all the system can fully to integrate with your existing HR and payroll system.
